

Music Academy

The Music Academy at Timbarra College is an aspirational program for committed young musicians in Years 5–9. Entry is by audition, with students rehearsing, performing, and recording together from Term One as part of dedicated bands, guided by our team of experienced instrumental staff.

Academy members perform regularly at school and community events, gaining confidence and valuable stage experience. Each year they also produce a high-quality music video, showcasing their creativity and teamwork.

In addition to core and elective classroom studies and the Secondary Instrumental Program, Music Academy students participate in a weekly Academy session and an extra band rehearsal, supported by regular home practice. This commitment fosters growth, discipline, and the excitement of making music as part of a band.
